

# GHANA

Bro Jim visited us in August. Work on the church building continues as does the Radio Gospel ministry. He attended our local church convention with bro Dixon Kandoje from Malawi.

Funds are still needed for Bibles and support for the Gospel work in Ghana.

# INDIA

We have received several reports of severe cyclones in Tamil Nadu since the Tsunami. The Believers have suffered flooding to their homes and loss of goods. Bibles are needed for the new converts. Photo is of a poor church in South India.

# VENEZUELA

Bro Isaias, who has gone alone along the Orinoco river 600 miles to reach tribes such as the Yanomami and Piaroa, has been interrogated by Government officials on suspicion of "crimes" against the Indians. He was reported for "forcing" them to be baptised and to wear clothes! His co-worker, bro Andre Head and his interpreter, were brutally attacked in October last year by 5 men. Some suspect these two incidents are connected. We have been able to send a donation towards this work. This is one of the last frontiers for the Gospel and Satan is vigorously resisting the efforts of these gallant brothers.

Below is a typical scene from one of the villages.

Some, from another village, who have accepted the Gospel of Jesus Christ are shown in the bottom photo.

# MALAWI

Bro Dixon Kandoje, who visited us with his wife last year reports that drought has produced the third year of famine. Many are starving. He has continued his travels and is busy helping several churches. Many pastors look to Bro Dixon for support. Portuguese Bibles are still needed for Mozambique. We were hoping to send some but have not been able so far. Bro Dixon is also building a new church in Limbe.
